

SUN BEAMS

By WALTER M. BARRETT

Perhaps there is an over-abundance of dogs in Truckee and no doubt many of them are more or less valueless even to their owners. Some are very likely homeless and live as best they can depending entirely upon their own resources. But on the other hand there are many pets in Truckee which no amount of money could buy and which have every right to live in the homes provided for them. They also have the God-given right of freedom to run and play in the country and we have little respect for anyone who ordains that they shall die for exercising this privilege and who take the law into their own hands to exterminate them. We refer to the recent killing and maiming of dogs north of town. Sometimes dogs become a nuisance and even are thoughtlessly destructive, but most owners, when so advised, will take care of the situation. If they do not, then it's the proper thing to notify an officer, who in turn will take the matter in official hands. Promiscuous shooting of dogs, good, bad or indifferent, is a touchy proposition.

You may have suspected this before, but here comes proof of it in black and white figures from the University of Chicago survey. It reveals nothing less than that 91 per cent of America's adult population read at least one newspaper. There's an answer for the gloomy heart who feared newsmagazines would supersede newspapers, that radio's chime signals sounded the forlorn death-knell of papers. But as it's been said before, only the home town paper can provide the full picture of the world and people around us.

Whether you agree with him politically or not, you must admit that State Senator Jerry Seawell, now a candidate for lieutenant governor, has the best interests of his district in mind when he wrote Governor Merriam asking him to investigate the need for a full-time game warden in this region. The local senator has endeavored a number of times to provide us with this necessary protection to our fish and game, but has been powerless to complete the task. Nevertheless he is still willing to lend all possible support.

And incidentally, the best time to find out what an official will do to assist our community is before he is elected and bear in mind that this is an election year.

There are whispers, from a very small minority, thank goodness, that the Lions Club took too much upon themselves in their desire to have a better sanitary condition in Truckee. The Lions Club committee, for the benefit of those who might have gained the wrong impression, and there are those who purposely seek that side, was named as an assisting group to cooperate with other agencies to determine what can be done without additional costs to those now paying their portion of the cost of trash and garbage removal. This committee or the Lions as a whole, even though they desired, can not do more than cooperate with those other agencies empowered to act.

MOTHER OF LOCAL WOMAN DIES AT AUBURN HOSPITAL

Mrs. M. T. McCallen of Truckee left this week for Auburn where she is called because of the death of her mother, Mrs. Mary C. Littlejohn.

Mrs. Littlejohn had been a resident of Roseville for 10 years and expired Tuesday following an illness of three weeks, on her grandson's, Buddy McCullen's birthday.

She was an active worker in the Presbyterian Church. She was a native of Missouri.

Funeral services were to be held in Roseville.

Barrick Makes First County Sobriety Arrest

Traffic Patrolman Arthur Barrick, who is stationed in Truckee temporarily made the first arrest in Nevada City recently on the newly enacted sobriety ordinance, making it a misdemeanor for an intoxicated person to ride in an automobile or be on a public highway.

The accused, Verne Thompson was fined in the Nevada City township justice court and was assessed \$20. His companion J. V. Murray pleaded guilty to a charge of driving while intoxicated and paid a fine of \$50.

FRESH STORM BLOCKS DONNER SUMMIT PASS

Precipitation Near Double For Entire Years as More Storm Seen

FIVE FEET SNOW HERE

Storm Of Mid-winter Intensity Lashes Country In Spring

With the precipitation in Truckee to date almost double the normal amount for an entire normal season and prospects for continued unfavorable weather, local residents are beginning to wonder when spring, which was officially ushered in last Monday will actually arrive in fact.

Twelve inches of new snow fell in Truckee Tuesday and Wednesday and brought the local pack at the U. S. Forest Service station here to 64 inches. The precipitation for the two days was 2.49 inches, bringing the total for March to 11.01 inches. The normal for the month, Ranger H. I. Snider of the Forest Service reported is 4.15 inches.

Total precipitation for the year, starting on September 1 is 43.76 inches, while the normal for an entire year is only 23.41 inches. At the present time there are 23.02 inches over normal to date.

The Donner Summit highway was blocked for several hours as storms of mid-winter intensity raged over Sunday and Monday. Convoys were necessary to take through light traffic and trucks were prohibited on the summit. Slides on Donner grade added to the situation.

SOBRIETY CASE IN LOCAL COURT FOR INITIAL FINE OF \$50

E. J. Edmonds, 58, Denver, was the first motorist in the Truckee district to face the county's recently enacted sobriety ordinance. He was arrested by Officers C. E. McKeen and Arthur Barrick near the summit and after spending a night in jail here paid a \$50 fine before Justice of the Peace C. E. Smith.

Frank Christensen, Elko, paid a \$10 fine for attempting to evade the chain control and the following were cited for parking on the highway: June McKay, Oakland; Margaret Bridgeman, San Francisco; Robert Saltonstall, Jr., Stanford; John R. Burgess, Palo Alto and William H. Vroom, Berkeley.

Eight Tables Played At Public Card Party By Wyethia Women's Club

Eight tables were in play at the Riverside Hotel on the evening of March 17, when members of the Wyethia Club held a public card party.

Mrs. A. Mahne and W. H. Laity obtained high scores at the contract bridge tables, Mrs. W. M. Englehart, Sr., holding low.

Mrs. Scott Gordon and Benjamin Tonini held high tallies for the auction tables, Mrs. A. J. Anderhold receiving the consolation token.

At the close of the games, refreshments were served by the committee.

WEATHER PREVENTS TRUCKEE GROUP FROM GOING TO MEET

Because of the unsatisfactory condition of the highways and the continued storm, Truckee sportsmen were unable to attend a meeting of the Grass Valley Rifle Rod and Gun Club in Grass Valley Tuesday night.

Word from Secretary John Truscott, however, was to the effect that Herbert C. Davis, executive secretary of the state fish and game commission, who was scheduled to be at the session could not attend and the matter of discussing a full-time warden for Truckee was deferred until later when Davis promised to attend a meeting.

Familiar Local Pet Found Dead; Dogs Are Injured

Dogs Wounded and Killed As Search Is Made For Slayer

With one family pet dead and at least one other wounded, dog owners of Truckee are warned to watch their animals carefully to avoid losing them to the person or persons believed to be shooting them with an air rifle.

After a constant search lasting for nearly 24 hours, the body of "Sammy", woolly little pet of Mr. and Mrs. Dave Cabona, known to scores of local residents and travelers, was found in a snowbank just north of town. While there were no visible wounds, it is possible observers believe that the pellet may have entered a vital spot without outward injury.

Another local resident reported their dog twice wounded in the head by BB shot, neither wound being of serious nature. Still others have reported seeing wounded dogs, evidently victims of a small rifle.

Mattos Again Gets Contract For Hobart Mail

Decision on Tahoe Route Is Still Unknown At Local Office

Announcement that he had been again awarded the contract to carry the mail to Hobart Mills during the next four years, was received this week by Joe Mattos of the Mattos Beverage and Ice Company.

The amount of the new contract was not immediately announced, but it is understood to be unchanged.

The contract for carrying the mail to Tahoe will also be announced in the near future. There were several bids entered for both the Hobart Mills and Tahoe routes. Both contracts extend over a four-year period, Mattos has carried the Hobart mail during the past four years.

SISKIYOU PLANNING SNOW SPORT AREA WITH C. OF C. AID

EUREKA, Mar. 24.—The early development of Grouse Mountain as a ski site is indicated in the announcement by directors of the Humboldt Ski Club that the California State Chamber of Commerce is ready to survey the mountain for a ski run, ski lift and lodge.

Keen interest in the development of a Superior California Winter sport center was reported by J. E. Carpenter, chairman of the Winter Sports committee of the state chamber who said there is money available to begin such a project. He made this statement to Dr. Harold Carson, the president of the Humboldt Ski Club at a conference in San Francisco.

CHAMBER OFFERS TO SUPPORT LIONS IN CLEANUP CAMPAIGN

Decision to support the Truckee Lions Club in their project to bring about a better clean-up program for Truckee was reached at the meeting of the Truckee Chamber of Commerce here Monday. A letter giving assurance of this support was ordered written to the club.

SKI MEET SLATED TO BE HELD SUNDAY BY AUBURN CLUB

Wendell T. Robie, director of the Auburn Ski Club's invitational tournament, announced this week the California Ski Association has sanctioned a special A and B jumping exhibition at Cisco Hill at 1 p. m. next Sunday.

Robie said that all persons who paid to see last Sunday's meet will be admitted without charge.

WHITE WILL HEAD LOCAL CIVIC BODY FOR SEVENTH YEAR

Other Officers Reelected At Annual Meeting Of Group

FINANCIALLY SOUND

Mrs. Bryant Starts 13th Year As Secretary Of Local Chamber

Expressing their confidence in the officers who have guided the destiny of the organization during the past year, members of the Truckee Chamber of Commerce Monday cast a unanimous vote to retain the entire group for another term.

C. B. White, president of the local civic organization for six years, was reinstated as president. White is manager of the Truckee branch of the Bank of America.

Mrs. Lotta Bryant started her 13th annual term as secretary of the organization and W. M. Englehart, Sr., was reelected as vice president.

Directors and committeemen will be named at a future date by the president.

A review of the financial status of the chamber showed that during the past year the organization has more than maintained itself financially and that a substantial balance is on hand.

NORTH SIDE SPORTS CLUB FORMED BY TAHOE RESIDENTS

Residents of the north side of Lake Tahoe have organized a new sporting club to be known as the North Tahoe Sports Club. The purpose of the organization will be to promote all year sports, around the north side of the lake.

The first meeting was held on March 17 for the purpose of electing officers and directors.

The following were elected: Bud Mandeville, president; Mrs. Dorothy English, first vice president; Ralph Snow, second vice president; William Laughlin, treasurer; Andy Johnson, secretary. Directors named were Bud English, M. P. Copeland, Ton Daugherty, William Rindfleisch, Mrs. Vera Fisher and Mrs. Ruth Shank.

Meetings are to be held each Monday night at 8 o'clock in the Buckhorn Inn at King's Beach until further notice. It will be the policy of the club to interest people in outdoor sports both summer and winter.

Plans are under way to make the north end of the lake one of the best Winter sports areas in the country. The officers of the club wish anyone interested in outdoor sports to join to make the club one of the best in the area. Members to join thus far include some of the best skiers in California and Nevada Bud Mandeville, the president being holder of several amateur titles.

Members of the club met on the slopes overlooking Crystal Bay on March 22 to participate in an afternoon of sports. Invitations are extended to anyone to join.

Powell Is Elected Delegate To Odd Fellow's Meeting

Frank S. Powell, noble grand of Donner Lodge No. 162, I. O. O. F., was elected as delegate to the state lodge convention to be held during May in San Jose. The selection was made at a meeting of the order here Saturday night.

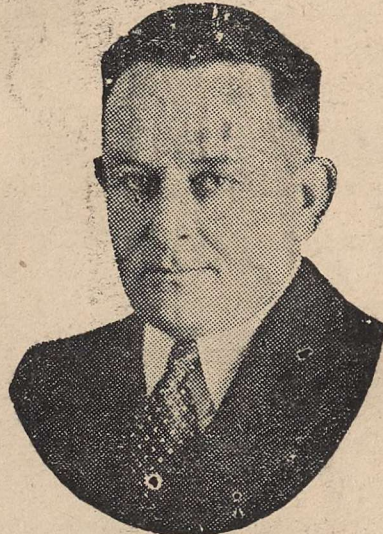

Wounded In Hand

Don C. Harger, Tahoe City man, is suffering from a small calibre bullet wound in his left hand received in an accident last week. Harger was replacing the small weapon in a holster when it accidentally discharged, the bullet lodging in a bone.

Escape In Car Mishap

Mr. and Mrs. Jack Allen of Tahoe and two companions, whose names were not immediately learned, escaped serious injury when the Allen car overturned near Gold Run last week.

Will Aid

State Senator Jerrold Seawell has offered his support in providing the Truckee River area with a full-time game warden and has asked Governor Merriam to lend his help.

Auburn Meet Is Postponed When Snow Wins Bout

Events Well Be Held Sunday According to Present Schedule

A crowd estimated at upward of 2000 was disappointed Sunday when a blinding snow storm forced postponement until Sunday, March 27, of the Auburn Ski Club's sanction meet at Cisco.

Several prominent skiers, including Roy Mikkelsen, Alf Engen and Rider Anderson were on hand and thrilled the crowd with practice jumps but the storm interrupted the program before they had a chance to compete. A snow slide on the Donner grade prevented skiers of Lake Tahoe and Truckee from entering the earlier events.

Alf Engen of Sun Valley won the slalom with Halver Mikkelsen of Auburn second and Si Brand of Mt. Lassen third. Earl Edmunds of the Reno Club was seventh in this event.

Gerald Wetzel of Mt. Shasta won the class C jumping, completed before the snow started. He leaped 72 feet to outdistance Oliver Hendrickson of Tahoe by only five feet. Charles Hendrickson of Tahoe was fifth in the class C jumping.

Engen also won the downhill race with his brother, Sverre Engen in second place. Engen negotiated the two mile course in two minutes, 55.4 seconds.

In the ten mile cross country race Finn Rasmussen and Andy Blodger of the Auburn club won first and second places with Edwin Aro of the same club coming in third.

Due to the lack of contestants, the women's slalom produced a surprise winner in Miss Marjorie Spalding of Auburn.

IMOGENE REED IS MARRIED IN HAWAII

Mrs. Angus McPhee, the former Miss Imogene Reed, is receiving felicitations of Hobart Mills friends who received announcements of her wedding which occurred on February 5 at Paia, Maui.

The bride visited many times at the home of her late brother, C. Reed of Hobart Mills as a young girl. Later as a school teacher at San Jose she consistently spent the summer vacations at the Hobart Inn until her recent departure for the Hawaiian Islands where she resumed her profession.

FIRE PREVENTION TALKS GIVEN OVER RADIO BY LOS ANGELES FIREMEN

N. F. Dolley, chief of the fire department, announces that a program that should be of interest to local people is one on Don Lee stations at 1:30 o'clock on Tuesdays, dealing with fire prevention and called The Third Alarm. The program is sponsored by the Los Angeles Fire Department.

Mrs. Eldon Tonini and her young son and daughter accompanied Mr. and Mrs. Robert Tonini on their vacation trip to San Luis Obispo.

The Recreational Center Of the SIERRA

SEAWELL AIDS IN CHAMBER'S DRIVE FOR WARDEN HERE

Urges Governor To Probe Problem In This District

STRESSES LOCAL NEEDS

Attitude Of Executive Officer Pointed Out In Letter

In reply to a communication from the Truckee Chamber of Commerce soliciting his aid in procuring a full-time game warden for the Truckee River district, State Senator Jerrold Seawell indicates that while the task is a big one, under the existing circumstances, he will do all he can to aid. He has written Governor Merriam asking the state's chief executive to lend his support of the plan.

Senator Seawell's letter follows:

For the past year I have been quarreling with Mr. Davis of the Fish and Game Commission in an effort to have a warden assigned to the Truckee area.

I have had no success and have been informed by Mr. Davis personally that he does not nor will he consider placing a warden in this territory in the near future.

Due to the vacancies now existing on the Fish and Game Commission it is impossible for that body to function until the Governor fills the same.

I am attaching copy of letter addressed to the Governor relating to this subject, and can assure you that I will continue my efforts in your behalf.

I know you can readily understand that if the executive officer tells me he will not do a thing, irrespective of merit, makes it impossible for me to comply with your request and can only continue to agitate this cause.

Trusting this explains my position, I beg to remain, Sincerely yours, Jerrold L. Seawell

As evidence that an official appeal has been made to the governor, the local senator attached the following copy:

Dear Governor Merriam: You are in possession of a letter dated March 15 over the signature of Lotta Bryant, secretary of the Truckee Chamber of Commerce, protesting the action of the Fish and Game Commission in failing to provide a warden for the Truckee River territory and its tributaries, stating therein their reasons for the complaint.

I have had this problem up with Mr. Davis, executive officer of the Fish and Game Commission on several occasions. He has taken the attitude that he will not consider such a proposal.

I believe he is in error in his judgment, as do the people of this district, for I feel that I have been for many years far more familiar with the problems surrounding fish and game conditions in this territory than has either Mr. Davis or any member of the Commission. I am asking you to inject yourself into this problem as I believe it is of sufficient importance to require the attention of the chief executive of this state.

If additional information is desired, the same can be furnished to you either by myself, the Truckee Chamber of Commerce, or the combined representation of the Placer and Nevada Counties various sportsmen's associations.

Trusting you will find time to investigate this problem, I beg to remain Sincerely yours, Jerrold L. Seawell

Show To Be Sponsored By Local Department

At a special meeting of the local fire department held Tuesday evening, tentative plans were formed to sponsor a show for the benefit of the organization. The details will be announced later. Chief N. F. Dolley presided at the meeting.

"WORKING THE WORKERS"

When an employer exploits his workers, pilfers their earnings or peremptorily exclaims: "You can't work here; you are a member of the wrong union!" he is quickly brought to book. We have laws and government agencies which deal summarily with arrogant employers. But apparently we are without either law or agencies to cope with arrogant labor leaders who get drunk with power and ride rough shod over the rights of workers whose dues and assessments maintain them in the style and limelight to which they have grown accustomed.

If workmen are arbitrarily denied the right to work because of incessant and senseless jurisdictional wars; if one union declares another union's products "hot cargo" and workers' families go hungry; if men who have been treated well and are well paid are suddenly forced to walk out on employers against whom they have no grievance—the work—apparently, is without redress.

There is a creeping paralysis of confusion and disorder in organized labor today which, if it goes unchecked, will not only topple warring labor chieftains from their thrones, but which will hurt the worker's cause irreparably. Warehouses, sugar refineries, lumber companies shipping companies, mines, farms—all have felt the staggering impact of bitter quarrels between rival unions for dominion over their workers. And employers, workers and the long-suffering public have stood by in bewilderment while the battle continues. In California gold mines employment has been steady, at good wages even during the depression. But now, organizers are doing their utmost to uproot the established union and launch a war for supremacy. At Crockett last week, another jurisdictional war closed the communities only industry. In Southern California, there have been battles for control of the longshoremen's union; battles between teamsters; battles to innumerable to record.

There may not be laws to deal with this selfish exploitation of both workers and the general public, but in the long run public opinion is a law unto itself. And labor leaders—if they can see the handwriting on the wall—should take heed before they find themselves the fallen leaf of a demoralized cause.

DEATH BEGINS AT FORTY

The Travelers Insurance Company has recently issued a little booklet, "Death Begins at Forty," in which it is pointed out that underlying reasons for America's horrifying automobile accident record in 1937 were "too much speed and too little courtesy."

According to the booklet, statistics show that if one has an accident while driving under 40 miles an hour there is only one chance in 44 that somebody will be killed, but if the accident comes while one is driving faster than 40, there is one chance in 19 that somebody will be killed. 40,300 persons met death in traffic accidents last year. Nearly 40 per cent of these fatalities were directly traceable to speed, and 97 per cent of the drivers involved in fatal accidents had had one or more years of driving experience—in other words they should have known better.

The driver guilty of speed and discourtesy on the highway is a potential murderer—and should be treated as such upon apprehension. Common discourtesy is usually simply a mark of ignorance, but when applied to the fast driver it is a mark of maniacal disregard of human life. No amount of "wire pulling" should allow such a person to escape punishment. Laws in themselves cannot instill common sense and chivalry in a road hog—only fear and respect for the law will do that; and rigid, impartial enforcement in the club to use.

-And Getting Farther Away!

Politically Speaking

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Mar. 24.—(UP)—California legislators are little concerned over fate of assembly and senate interim committees, despite a Los Angeles superior court decision holding the lower house public morals committee had no authority to delve into the Los Angeles vice and graft situation.

Judge Emmett Wilson handed down the decision holding the assembly public morals investigators had no power to summon witnesses and demand that they testify.

He said further that the committee was legally dead.

"Neither house of the legislature, by resolution of its own, has the power to continue its committee, which is its mere agency, beyond the period which the house itself may act," his opinion stated.

Assemblyman Charles Lyon, Los Angeles, and other legislators, however, believe a concurrent resolution adopted by the special session at the suggestion of the legislative counsel bureau circumvented the nullifying effect of Judge Wilson's decision.

"We anticipated the decision and passed the resolution in both houses, validating by legislative action the committees appointed by the assembly speaker and lieutenant governor," Lyon said.

He said court decisions in other states have held that interim committees legally could be established by action of both legislative houses.

Committees appointed between adjournment of the regular session and convening of the special were authorized only in single house resolutions.

Peace Parley

Chief Standing Bear, of the once-powerful Sioux Indians, breaks out the pipe of peace for a pow-wow March 20 of Indians who now make a livelihood by appearing in Hollywood pictures. The chief is 59 and president of the Indian Actors Association.

When Los Angeles witnesses refused to testify before the assembly public morals committee, Chairman Rodney Turner, Delano, took the case into Judge Wilson's court.

Lyon pointed out that between the time the case was filed and the time the legislature approved the concurrent resolution, which the southern jurist did not have an opportunity to consider.

The special session measure read in part:

"x x x and the committees established and to be established thereunder are hereby authorized to exercise all the powers and perform all

the duties vested in them and imposed upon them by the particular resolution under which the committee or committees are established."

Turner announced he will call his committee to order in Los Angeles immediately, summon witnesses and if they again refuse to testify he

will ask a new court determination on the basis of the special session authorization.

The power of a legislative subpoena it was believed, was well-established when Attorney General U. S. Webb ruled the assembly was acting within its authority in subpoenaing Warden Court Smith and Thomas J. Mooney before the house.

Governor Frank F. Merriam, mean-

Tahoe Ramblings

(By SWANEE)

Anne Milton and Mr. and Mrs. Kidwell of Piedmont were guests at Tahoe Inn over the week end. Other guests on Friday night were Dr. Russell Fletcher, Dr. George Johnson, Dr. and Mrs. E. V. Pischel and Dr. and Mrs. C. Mathewson, Jr., all of San Francisco.

Mr. and Mrs. A. M. Anderson are enjoying a week's vacation which took them first to Reno to visit their children, Jack and Kathleen students at the University of Nevada. They planned to visit Boulder dam and other points of interest before returning home.

Miss Ann Park of San Francisco was a visitor at Tahoe over the recent week end, enjoying a visit with her mother, Mrs. Helen Slater of Tahoe Park. Her guests were Miss Betty Buckley, Wallace Trefts and George Grant all of San Francisco. Miss Park will return during the latter part of March, bringing a group of bay city friends with her.

Mrs. Thomas Flannery of Bettendorf Tract returned to Tahoe last week following a visit with friends in San Francisco over a two weeks' period.

Others returning from the bay region were Mr. and Mrs. Jesse Sisk and daughter, Betty.

Mr. and Mrs. Monett Hamilton are again occupying their Tahoe Lodge home after several months spent in Vallejo. The recently enjoyed a trip to Palm Springs.

A meeting held at the home of Mr. and Mrs. N. R. Mayfield last week was attended by 14 persons. Minor changes were approved in the plans for the new community building which will also house the post office and library. The edifice was enlarged by two feet allowing more space for the various rooms, and making the assembly hall now 20 by 40 feet, the library 19 by 19 and the post office and lobby 26 by 30. The tentative plans call for double floors, knotty pine inside finish and colored concrete floor for the lower rooms. It was announced that Charles Carrau of the Truckee-Tahoe Lumber company has promised a donation of money for the new enterprise, which will be a welcome addition to the amounts being received from far and wide with each passing week. C. W. Merrill was among those sending in generous donations last week.

Mrs. Eleanor Swanson and son Jimmie accompanied back to Auburn Art Sather and Tom Whitmore last week, enjoying a week's vacation at the Sather home before returning

Out For Governorship

George J. Hatfield

George J. Hatfield, lieutenant governor Monday announced that he would be a candidate for the office of governor of the State of California at the August primaries.

to the land of snow and ice. The return trip to Tahoe was made with Murray Young and Bob Slagle of Grass Valley. While in Auburn, Mrs. Swanson was a guest at a shower and card party given by Mrs. Sather for Mrs. Charles LaPorte, winning first prize during an evening of Dutch whist.

Tony Accinelli of Concord, owner of a summer cottage in Timberland tract, paid his Tahoe home a visit over the week end. He was accompanied by Dr. Frank Brocco, Chester Brunelle and P. M. Williamson all of Concord.

Constable Harry Johanson carried out one of his unusual tasks required of his position as a law enforcement officer in the Tahoe region Wednesday. His duties required him to ski a distance of 32 miles back to the lost Emigrant mine, south of Soda Springs to post legal papers. Starting around 8:30 a. m., he was back to the hotel and his car at 6:30 p. m. after an arduous but uneventful trip.

A. W. Lampson and a companion of Tahoe's southern Wye were snowed in at Tallac hatchery when they drove over in Lampson's car to deliver supplies to the Lloyd Shebleys, in charge there under J. C. Lewis. Two and a half feet of snow fell, blocking the highway and making it necessary for the men to leave the car until such a time as the highway shall again be reopened. They were to leave for their home on skis Monday.

Elementary classes under the supervision of Mrs. Myrtle Gallinger resumed on Monday despite poor highway conditions. Mr. and Mrs. Bob Watson returned to Tahoe from Folsom on Friday, Mrs. Watson leaving before 7 on Monday for the difficult task of picking up the children for school. Although snowplows cleared the highways during Sunday night, travel was slow even with chains. Mrs. Roy Mikkelsen was appointed by Mrs. Moss of Auburn to assist Mrs. Gallinger in teaching for the initial school period due to the absence of Mrs. Steinman who is unable to leave the bedside of her aged mother who lies seriously ill at her Wheatland home.

Carl Becholdt, Jr., was reported improved from an attack of flu which he suffered following his return from Sun Valley. He planned to return to his studies at the University of Nevada on Monday. Sig Ulland, who sprained an ankle at Sun Valley on Thursday, but who participated in the meet on Sunday, nevertheless, placing third despite his handicap, has also been ordered to refrain from strenuous skiing activity for several weeks. All local youngsters who attended the Sun Valley meet seem to have received some sort of injury due, they said, to the fastness of the snow conditions and their inability to see where they were going, contest taking place during snow fall. Kathleen Anderson Starratt sprained her ankle, and Earl Edmunds was reported to have been left black and blue, but with no

SPRING IS DELAYED AS SNOW FALLS IN LAKE TAHOE AREA

TAHOE CITY, Mar. 24.—We write this on Monday, March 21—the first day of spring, the experts tell us.

Well, maybe it is spring in the valleys, but Tahoe region is swathed in six inches of fresh snowfall which now totals 73 inches on the ground.

Under branches, heavy with snow, a few bold pussy-willows peep and the birds sing cheerily on the window sill as the sun strives vainly to keep its face from behind the drifting clouds.

We think of a little poem which we wrote back in 1935 which might be as appropriate this spring as it was three years ago:

Ode to a Tahoe Spring
(With apologies to Gertrude Stein)
Prim bluejays scold from stately pines,

Soft breezes breeze, the sunshine shines,
While robin, chickadee and crow Wing merrily above the snow.
That snow—so driven white—Egad!
It's driven Tahoe natives mad.
Blue violets and pansies peer
From out green beds, but—
Not up here!

The willows bud, the birdies sing—
But where, oh where, or WHERE is SPRING?

MRS. McCUEN DIES AT HOME, FRIENDS AT LAKE FOREST

TAHOE CITY, Mar. 24.—Friends and neighbors of Mrs. May McCuen, who with her husband once resided at Tahoma during the winter as caretakers, will be grieved to learn of her death on Tuesday, March 15, at her home west of Placerville. She was well known and highly regarded here and her passing comes as a surprise to many. Christian Science services were held in the O'Keefe chapel in Placerville, followed by cremation last Friday.

She is survived by her husband, Ralph McCuen, a daughter, Mrs. Max Miller of Yakima, Wash., and a son Charles McCuen of Gold Hill, Oregon, also a former resident of the Tahoma district.

Although the cause of death was not stated, friends here believe her health was greatly impaired following an attack of pneumonia in recent months.

NEW PLUMBING CO. MAY BE STARTED AT LAKE FOREST

TAHOE CITY, Mar. 24.—Announcement is made this week at Tahoe that William Oliver will open a wholesale and retail plumbing supply business at Lake Forest this summer. Oliver will be assisted by Tyler Oliver Berry who with his wife has wintered at Tahoe.

Tentative plans call for the erection of a warehouse and display and service room on the Oliver property in the spring. The new enterprise, to be known as the Tahoe Plumbing Company, Inc., will sell at Tahoe for San Francisco prices, Oliver said.

Oliver will be accompanied back to Tahoe by his children, Walter and Anna Rae, whose mother passed away in Oakland some months ago.

SACRAMENTO, Mar. 24.—(UP)—State workers will receive pay boosts totaling \$927,000, the state personnel board reported after a checkup of the increases recently approved.

broken bones, when he took a tumble David Renner returned to Tahoe on Saturday from Red Bluff hospital, where a fractured skull was treated. Recuperating satisfactorily, he must take it easy for some time to come.

Mr. and Mrs. Matt Green and Henry Droste were among visitors at Tahoe for several days last week.

Bruce Merrill and a party of friends enjoyed a frolic in the snow at the Merrill home over the week end returning to the bay cities Sunday night.

TAHOE REGION NEWS

By Swanee

To the Altar

Bringing together two distinguished families was the ultra-social marriage March 18 of Barbara Chase, heir to millions, and George Mercer Nairne, son of Lady Violet Astor and stepson of John Jacob Astor. The newlyweds are shown above as they take a stroll on the Chase estate at Santa Barbara, Calif., prior to leaving for their new home in London.

HIGH WATER SEEN FOR LAKE TAHOE DURING SUMMER

TAHOE CITY, Mar. 24.—Tahoe home owners, always anxious to hear what the water prospects for the summer are, can rest assured of high measurements this year. In fact, we wouldn't be surprised if vacationists in some of those cottages right close to the shore, in low regions, couldn't hop aboard their motorboats from the porch this summer.

For the season's record of rainfall and snowfall, although not yet completed, already exceeds last year's record. On Sunday 38 of an inch of precipitation was added to the season's total, bringing that figure up to 44.67 inches since last September. The total for last year was only 25.47 inches. W. A. Simmonds, official weatherman at Tahoe and watermaster for the Truckee-Carson Irrigation company, declares that a tentative guess for this year's lake level, after the spring thaws and runoff from the creeks should bring the highwater mark up to 6228.75. It now stands at 6226. With a total of 73 inches of snowfall on the ground figures show 34 inches more than last year's record for the same time. Water content in the snow is also expected to be more plentiful this season. It is being predicted that many piers and retaining walls, as well as a number of breakwaters may be washed away with the advent of high water. A boat house near Homewood was reported to have fallen last week under the weight of snow.

MRS. SLATER WILL DISCUSS PLOW NEED WITH GOVERNOR

TAHOE CITY, Mar. 24.—Mrs. Helen Slater of Tahoe Park who has been spending considerable time conferring with state officials of the possibility of securing a snow plow for Tahoe next winter, plans a trip to the state capitol in Sacramento during the first week in April. She has an appointment with Governor Frank F. Merriam and Earl Lee Kelly, director of the state department of public works, who has invited a frank discussion of Tahoe's problems. Many influential home owners are offering their assistance in this vital highway problem.

CHRIS NIELSEN IS FETED AT DINNER ON HIS BIRTHDAY

TAHOE CITY, Mar. 24.—Chris Nielsen of Tahoe Park was the guest of honor at a gala birthday party given at the Hotel Colombo in Reno on Thursday last. Hostess for the occasion was Mrs. Ed. Garn, a visitor at Tahoe from Ketchikan, Alaska, and daughter of Mrs. Gertrude Broach.

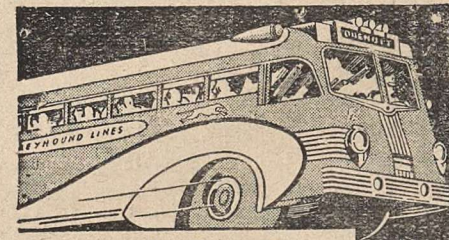

Mr. and Mrs. Garn were nonplussed at the depth of Tahoe's snowpack, believing Tahoe a portion of that much touted sunny California. The Garns are proprietors of an exclusive tavern in the Alaskan northland and are vacationing for a month or more.

Guests at the dinner included Mr. Nielsen, Mr. and Mrs. Jack Kirkley of Reno, Joe Kirkley of Reno, Misses Elizabeth Kirkley and Virginia Kirkley, Mr. and Mrs. Monett Hamilton of Tahoe, Mr. and Mrs. Gilbert Bonenfant of Portola, Mrs. Gerda Kvistberg and Mrs. Gertrude Broach of Tahoe and Mr. and Mrs. Garn.

SURPLUS PRODUCTS OF STATE FARMS PURCHASED BY U. S.

California agricultural surpluses amounting to over 111,000,000 pounds of fruit, vegetables and dairy product and 540,000 dozen eggs were purchased from producers of this state since January 1, 1937, by the Federal Surplus Commodities Corporation in cooperation with the Agricultural Adjustment Administration.

Fish, Game Group Names Officers at Annual Meet in San Francisco

SAN FRANCISCO, Mar. 24.—Assembling from various parts of the state, members and directors of the statewide Fish and Game Development Association met in their seventh annual meeting last week in San Francisco, approved comprehensive plans for conservation activities and organization expansion and by a unanimous vote elected directors and officers for the ensuing term. Those elected are ardent sportsmen-conservationists, well known for their ability and experience in organization management.

The association announces the election of Carl F. Johnson of Pasadena as president for his fifth consecutive term. L. I. Herrington was reelected as executive secretary.

LOS ANGELES, Mar. 24.—Three hundred taxpayers heard tax problems, social security and educational problems discussed at the 12th annual meeting of the California Taxpayers' Association in session in Los Angeles. Dr. A. C. Hardison of Santa Paula presided at the meeting.

Pointing out that for the last fiscal year California had the highest total tax burden in its history, \$734,000,000, or a tax bill of \$2,000,000 a day, Dr. Milbank Johnson, chairman of the board of directors of the association, declared that taxes can only be cut providing there is genuine active support of a program of economy by business and the general public.

Snow Plows Working to Clear Tahoe-Ukiah Later to Nevada City

The Tahoe Ukiah highway between Nevada City and U. S. No. 40 is expected to be opened soon, according to a report here. Snow plows have been concentrating on snow removal work between Washington Junction and the Donner trail. Motorists are advised to check conditions before entering the snow area.

POCKET MAPS GIVE LOCATION OF LAKES IN SNOW REGIONS

Winter sports enthusiasts who frequent the high Sierra country along the Donner Trail have been using a new pocket size map which shows this area in detail, according to the touring department of the National Automobile Club.

On the map are the trails from the automobile roads to the many lakes in the district and it serves as a splendid guide for adventurous skiers who explore new country. The map may be obtained from the ski clubs along Donner Trail.

Trout Fishing in South Is Damaged By Recent Floods in Many Streams

Trout fishing in Southern California streams for the 1938 season, which opens May 1, will be materially affected by the recent floods, reports from the outing department of the National Automobile Club indicate.

Many of the state fish hatcheries in that area were severely damaged and undoubtedly a great many trout were washed away or killed by the rush of flood waters down the canyons. It will be the skillful angler that takes a limit on May 1 from southern streams.

All Workers Do Not Take Unemployment Checks Study of Records Show

SACRAMENTO, Mar. 24.—Not every unemployment compensation claimant wants his check.

Officials of the state department of employment, in reading thousands of letters inquiring the status of claims, have found many in which the claimant says he's not entitled to benefits.

One Stockton man walked into the office in that city where he laid down three checks on the counter.

"The government sent me these," he said, "and I've found out I'm not entitled to them because I had earnings during the weeks they cover."

A San Francisco man returned a check for \$15 to the department of office in Sacramento with the statement that he was not expecting anything because he had returned to work.

Claimants for the most part, according to reports from the department's 62 offices are submitting accurate statements of their earnings during compensable weeks and the earnings are deducted from the total amount of their benefit checks.

In another instance, the department was requested to send a duplicate check. A Fresno man's wife tossed a check in the fire while he was shaving. The check was recovered before being entirely burned, but the bank refused to cash it as the corner carrying the signature had been burned off. In such instances a duplicate is mailed when the damaged check is returned.

LONGER VACATIONS IN SUMMER NOW BEING ADVOCATED

With the acceptance of its presidency by Harvey M. Toy, of San Francisco, Vacations, Inc., non-profit, state wide organization, this week is preparing to institute an intensive campaign to bring about legislation making a three months' summer school vacation mandatory in the state of California.

Sponsoring the program of Vacations, Inc., is a representative nucleus group of outstanding business men, industrialists and corporation executives from all parts of California. These men realize that the present unsatisfactory school vacation system is costing the state hundreds of thousands of dollars in tourist expenditures annually.

Toy, widely known throughout the state as president of the San Francisco Hotel Association, has campaigned a number of years to bring about longer summer school vacations as a protection to the state's billion dollar tourist industry.

His efforts have convinced him that this end can only be attained through suitable action of the state legislature. Under the present system he pointed out, individual city and county school boards are the sole arbiters in the matter of fixing the vacation periods.

The result, he said, is that summer school vacations vary throughout the state. As a consequence resorts and other enterprises catering to the tourist trade are placed at a serious disadvantage, often being forced to close their doors at the height of the season, abruptly terminating the tourist stopovers and tourist expenditures.

NORDEN NEWS

March thus far this month has proven to be the blustery weather

that tradition holds for this season by depositing four feet of new snow bringing the total to 14 feet and greatly hampering scheduled snow

meets at the various locations especially at Cisco where the Auburn Ski Club was holding the annual meet.

King Weather ruled otherwise shortly after the meet got under way, causing a cancellation for that day and the meet will be held at some future date to be decided upon later.

Many Norden residents were on hand for the ski tournament at Cisco last Sunday.

A snow slide on the highway east of Norden prevented participants and

spectators from arriving for the ski meet at Cisco Sunday.

Johnny Barkarich has enjoyed an eventful season for snow instructions about Norden due to the most part to heavy snow that is to his liking and necessary for his vocation.

Mrs. Dee W. Bowen has returned to her home in Norden after visiting with relatives in and around Portland for several weeks.

Several Norden residents plan to attend lodge in Truckee Thursday.

To enjoy lodge activities in Sacramento last Sunday included August Awischus, of Norden who kept well occupied.

Mrs. Frank Rector with her three children, Jewell, Ruth and Donald

GAS SALES UP FOR LAST MONTH, TAX STUDY REVEALS

SACRAMENTO, Mar. 24.—A return of the upward trend in gasoline sales in California was indicated during February, the state board of equalization reported this week.

Sales for last month amounted to 118,823,511 gallons on which a tax totalling \$3,564,705.33 was assessed by the board. This represented a gain of 2.43 per cent over the \$3,443,515.11 collected for the same month of the previous year.

Despite the increase over February, 1937, last month's tax still was less than the \$3,802,938.73 assessed against January gasoline sales. A three-day difference in the length of the two months was considered partly responsible for the decrease.

WEATHER BLAMED FOR DECLINE IN TRAFFIC OVER OAKLAND BRIDGE

SACRAMENTO, Mar. 24.—(UP)—Rain and generally unfavorable weather were the principal factors in the sharp decline of February traffic over the San Francisco-Oakland Bay bridge, the monthly report of the state engineer, C. H. Purcell disclosed.

The bridge registered a decrease of approximately 73,000 vehicles last month compared with the corresponding period of 1937.

SEAWELL ASKS LIFTING OF AGE LIMIT BAN FOR VETERANS' CIVIL SERVICE

SACRAMENTO, Mar. 24.—(UP)—A resolution requesting the state personnel board to lift the existing age limit ban on World War veterans applying for civil service examinations was proposed to the upper house of the California legislature by Senator Jerrold Seawell of Roseville.

Noting that the average age of veterans, who are given preference in competitive examinations, was about 44, Seawell suggested that all veterans be entitled to take all examinations for positions in the state service regardless of age limits, if

are enjoying a well earned vacation among relatives and friends in and around Seattle.

To enjoy a brief stay in Sacramento included Mrs. Ernest Johnson and Mrs. Frank Slater of Summit.

Earl McDougall of Norden was in Clipper Gap on official business for a day.

It has been reported that Robert Schull is due to arrive in Norden soon to make his future home that he may be closer to his personal interests in and about Colfax.

Van's Ski Lodge at Donner Summit enjoyed a well filled lodge over the past week end.

BANK'S REVIEW FOR MONTH INDICATES BUILDING GROWTH

Encouraging developments in California residential building activity are noted in Bank of America's Business Review for February, just released.

Since the new provisions of the Federal Housing Act became effective on February 3, the number of applications for loans has increased to new high levels, the review says, greatly exceeding the number received in other recent months.

The northern district office of F. H. A. at San Francisco reported over 1700 applications during February and more than 1600 were received by the southern district office at Los Angeles. In the first two weeks of March the rate of applications at the northern office alone was a little over 500 a week.

they are otherwise qualified.

The age limit, the Roseville legislator said, actually deprives veterans of the preference granted to them by law.

time, appears to have withdrawn from the Los Angeles vice picture.

Merriam made a trip south several weeks ago at the time the furore was at its height. After several days in Los Angeles, he returned to his capitol offices. He had little to say other than he was not ready to announce what action he planned to take and that another trip south might be necessary before he would have a statement.

The subject subsequently became lost in the rush of legislative session, the southern California floods and other pressing matters.

Indications here, meantime, are that the governor is in for more worry on the matter of tideland oil legislation.

Independent operators reportedly are dissatisfied with the measure approved by the special session and are said to be circulating petitions urging Merriam to summon the law-

Traveling Around America

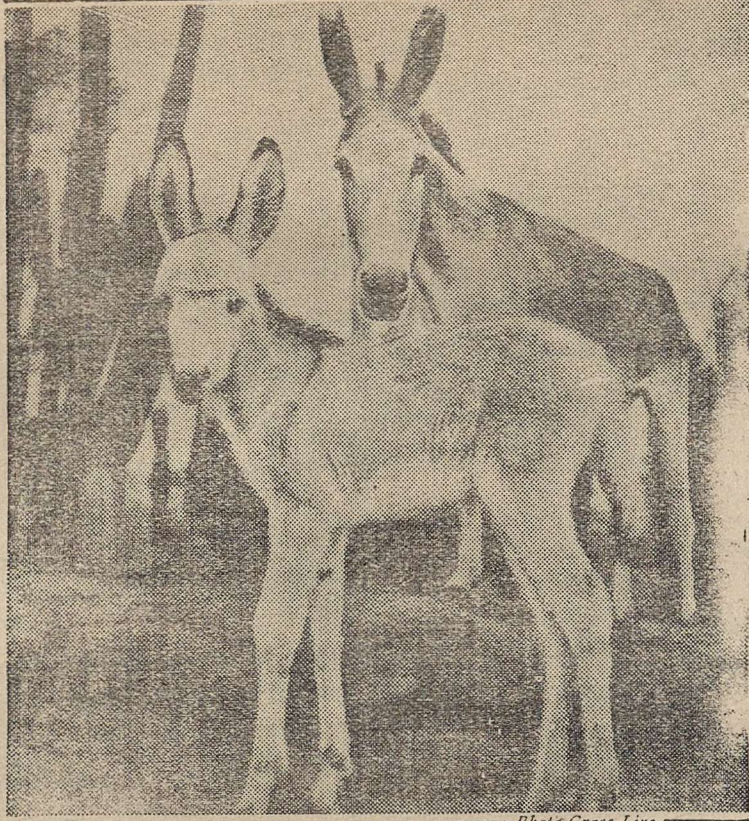

Photo Grace Line

DUTCH DONKEYS

IN SPITE of the capable ears with which they have been endowed, these donkeys still seem to be amazed over the changes that have come about in their homeland—Aruba. A small island belonging to the Leeward group of the "Dutch" West Indies, Aruba was until comparatively recently a quiet little island almost unnoticed by the rest of the world. Now, however, it is visited daily by giant airliners which connect it with the sister island, Curacao 30 miles distant, and with important cities on the mainland of South America, and its harbor shelters ships from all parts of the world, including those bearing weekly pleasure cruises from New York to the Caribbean.

The amazing change which has come to this island was brought about through the discovery and development of some of the richest oil fields in the world—those of Venezuela on the northern coast of South America less than fifty miles from Aruba. The "black gold" from this rich country is sent to Aruba and the neighboring island of Curacao to be refined. Today the island of Aruba has two of the largest oil refineries in the world. A fleet of shallow draft tankers usually sailing in groups of twelve daily brings the crude oil from the Maracaibo fields in Venezuela, and ocean tankers flying the flags of all nations call here to load the refined oil and carry it to the far-flung corners of the earth.

The subject of the lesson-sermon will be "Reality."

seating capacity of more than 8,000 and administration building, assembly hall and dairy products building.

Plans are being completed for a new educational and fine arts building, 4-H club headquarters and Future Farmers building. Work estimated to cost \$700,000 is to start on these three buildings later this year. Included in later fair grounds improvements is a dining room and kitchen to be built at a cost of \$150,000.

Preliminary contracts have been let for improvements at the Agnews state hospital near San Jose. Including a new ward building and addition to the existing structure, the cost of this program was estimated at \$725,000.

Similar improvements to the Napa state hospital, including a ward building and laundry, will cost about \$1,185,000, with bids to be opened soon. A \$1,500,000 building program for the Pacific colony, home for the feeble-minded near Los Angeles has been prepared. Included will be construction of two detention cottages, a nursery building, four ward buildings, hospital building, trades building, mortuary and additions to the administration building.

A million and a half dollars are to be spent at the Sonoma state home for the feeble minded, including complete renovation of the present

plant and construction of two detention cottages and four dormitory cottages with a capacity of 600 patients.

Contracts totalling \$250,000 have been let for a new ward building and bakery at the Stockton state hospital. Plans are now being drawn for a \$110,000 laundry and minor improvements costing \$40,000.

The veterans' home at Yountville in Napa county will receive new buildings and renovations costing \$950,000. Contracts have been let for a new boiler installation and a 200-veteran barracks. To be awarded later is a contract for a new nurses' home.

Moving to expand capacity of the institution toward an ultimate 6,000 patients, authorities have outlined a construction program costing \$2,767,000 for the Camarillo state hospital, about 85 miles north of Los Angeles. Included are dormitories, \$977,000; medical unit, \$1,340,000, and flood control and water system improvements, \$340,000.

State office building No. 3 in Sacramento already is under construction. Estimated total cost for the structure is \$1,800,000. About \$200,000 is to be spent for additional office and storage space for the state printing plant and purchasing department. The old California National Bank building in Sacramento, future home of the state treasury and several other state agencies, will be remodeled at a cost of \$150,000.

In Los Angeles, \$50,000 will be spent for a basement garage in the state building, while in Oakland, improvements to the industrial home for the adult blind, costing \$200,000 are contemplated.

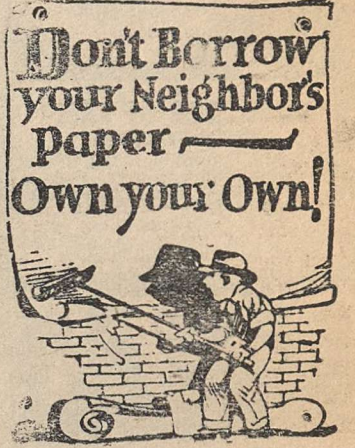

Preliminary drawings have been made for the first unit of the Southern California prison, cost \$3,500,000. Contracts will be awarded when a definite site is selected.

Work is to start soon on new class

room buildings at the California Polytechnic school at San Luis Obispo.

About \$20,000,000 of the grand total will be spent by the division of architecture of the state department of public works under supervision of George B. McDougall, state architect. Construction of the new southern California prison will be directed by the state board of prison directors

State Will Spend \$23,700,000 For New Buildings

SACRAMENTO, Mar. 24.—(UP)—The state of California is scheduled to have \$23,700,000 worth of new buildings, located throughout the state, by June 30, 1939—end of the current biennium.

Declared to be four times larger than any previous biennial building program, the construction will involve \$19,500,000 in state funds already available and appropriate, and \$4,200,000 from the federal government and other sources.

Agricultural park, home of the state fair in Sacramento, will have new buildings costing \$1,350,000. Contracts have already been let for \$500,000 worth of construction, including extension of the grandstand to a

geles, meantime, warned that if the governor signs the special session measure it will be subjected to a referendum.

Opponents, including Olson, have attacked the act on the ground it would repeal the Olson act, approved by the 1937 session; that it fails to guarantee minimum royalties to the state and makes no provision for state drilling if competitive bids are inadequate.

Fighting passage of the measure in the legislature, Olson charged additionally that it would virtually give title to the rich undersea oil deposits to the Standard Oil company.

Legal Notice

In compliance with Section 1, Chapter 183, Statutes of 1929, the undersigned, whose principal place of business is at 223 North Virginia St., Reno, Nev., hereby gives notice that application has been made to the State Mineralogist for a license to carry on within the State of California for the year ending December 31, 1938, the business of milling, sampling, concentrating, reducing, refining, purchasing, and receiving for sale ores, concentrates, and amalgams bearing gold and silver, gold dust, gold and silver bullion, nuggets and specimens.

Protest may be made by any person to the issuing of such license at the office of the State Mineralogist, Ferry Building, San Francisco.

In School Play—

Miss Elsie Edmunds, daughter of Mr. and Mrs. C. Edmunds of Truckee is in the cast for "Growing Pains", the senior class play to be presented on May 5 in the C. K. McClatchy high school at Sacramento.

Enjoys Change—

V. L. Deaton has received a letter from Roy Feathers in San Diego who writes that he and Mrs. Feathers are enjoying their stay and may postpone their return home until the weather is more favorable.

Called Away—

Mrs. M. McCallen was called to Roseville because of the serious illness of her mother.

Back on Duty—

Sergeant C. E. McKeen returned to duty as a state traffic officer on Monday following recovery from bad head injuries received recently while chasing a traffic violator.

Champion in Truckee—

Sig Ulland of Lake Tahoe, national ski jumping champion, was a visitor here Tuesday.

Recovering—

Mrs. C. B. White has recovered from a recent illness.

At Convention—

Fire Chief N. F. Dolley returned home Sunday night after attending the Northern California Firemen's Association convention held in Woodland. Chief George Hazeman of the Wodland department was elected president of the association.

The Weekly—

Luncheon meeting of the chamber of commerce will be held at Georges Cafe Monday, March 28.

Plan Party—

A public card party is planned by Truckee Chapter of the O. E. S. for May 5.

SEE IF YOUR LOCAL MERCHANT HAS IT BEFORE BUYING OUT OF TOWN.

Return to King's Beach—

Mr. and Mrs. C. W. Peterson were in Truckee on Monday after they had just completed a trip to Los Angeles, Santa Ana, Fresno and other points of interest. They motored south over the Mojave desert.

Goes to Reno—

Mrs. Joe Mattos celebrated her birthday last week with a visit with her mother, Mrs. Mary O'Connor in Reno.
